

S3+ "GUMDRIVE" Pen Drive

The Gumdrive is part of the S3+ USB Pendrive Family, the easiest way to save data and transfer them from a computer to another. Just plug it into your USB port and use it as an extra normal disk drive; you can copy, move or delete files to and from it.

The Gumdrive was designed for your active & sport lifestyle with a durable silicon rubber housing that is water, dust, shock and UV resistant. It is far more robust than the normal plastic case version. The cap is linked to the body for preventing accidentally lost when you're on the go.

The Gumdrive is certified USB 2.0 which means that it will function with other certified USB 2.0 devices. When you use it with a USB 2.0 compatible port on a laptop or computer you will be able to transfer data up to 40x faster up to (480Mbps) then the normal USB 1.1 drives. Even if you haven't got the high speed USB 2.0 on you computer, the Gumdrive is still backwardly compatible with the older USB1.1.

Products Highlights

Features

- Durable Silicon Rubber Housing
- USB 2.0 Latest Technology For High Speed Data Transfer Up To 480Mb/sec - USB 1.1 Complaint
- No Drivers Required For Win 2000/ME/XP, Mac OS 9 or higher and Linux 2.4 or higher
- Key Ring Supplied
- **Partition and security function: create a private partition with password protection**
- LED Access Light - Used also for highlighting the capacity
- Complied with CE/FCC/C-Tick and VCCI requirements
- Complied with the RoHS directive

Specification

- Dimension: 71,0 mm x 24,0 mm x 12,45 mm
- Weight: 15,00 gr.
- Storage Capacity: 256MB/512MB/1GB/2GB/4GB/8GB*
- Environmental Characteristics
 - Operating temperature: 0°C~+65°C
 - Storage temperature -20°C~+75°C
 - Shock: 1000G
- Reliability
 - Data retention : 10 years
 - Endurance: 1.000,000 cycles (read/write and erase)
- Data transfer rate:

- Read	
256	13MB/sec Max.
512MB/1GB/2GB	11MB/sec Max.
4GB	11MB/sec Max.
8GB	24MB/sec Max. (dual channel mode)
- Write	
256MB	8MB/sec Max.
512MB	3MB/sec Max.
1GB/2GB	4MB/sec Max.
4GB	4MB/sec Max.
8GB	9MB/sec Max. (dual channel mode)
- Warranty: Lifetime**

* Please note: For Flash Media Devices, 1 megabyte = 1 million bytes; 1 gigabyte = 1 billion bytes. Actual useable capacity may vary. Some of the listed capacity is used for formatting and other functions, and thus is not available for data storage.

** 10 years warranty in France, Germany and Austria.
